

水保設施 園內道 Soil and Water Conservation Facilities: Farm Road (Internal Road)

**【內文 Content】**

定義：園區內銜接農路、山邊溝或作業道之道路。

Definition: Roads within the park that connect to farm roads, hillside ditches, or operational paths.

目的：

1. 建立農場內部連貫性道路系統，使交通順暢。
2. 適應作業機械之運行。

Purpose:

1. To establish a coherent internal road system within the farm to ensure smooth traffic flow.
2. To accommodate the operation of farm machinery.
